PETITION TO WITHDRAW HOLDING OF ABANDONMENT

Applicant, pursuant to 37 CFR 1.181 and MPEP 711.03(c)(I), hereby petitions the Commissioner of Patents to withdraw a holding of abandonment in the above-designated application.

For the above-reference application, the Office has issued a Notice of Abandonment. In fact the proper papers were timely filed with the U.S. Patent & Trademark Office before the expiration of the time for response. However, Applicant incorrectly indicated the application serial number of the papers filed. The U.S. Patent & Trademark Office apparently recognized the error and associated the papers with the correct filed, but did not accord the papers the date of the Certificate of Mailing, February 19, 2008.

The undersigned hereby further states upon personal knowledge that the previous documents submitted were in fact mailed to the U.S. Patent & Trademark Office on the date stated on the Certificates of Mailing, namely February 19, 2008.

According to MPEP 711.03(c)(I)(B), this petition does not require a fee. However, if indeed one is necessary, the Patent Office is authorized to charge it against Deposit Account No. 162201.

Respectfully submitted,

Nelson D. Nolte, Reg. No. 42,938
